TIPS TO INCREASE RECYCLING:

Buy Recycled - The essence of recycling is the cyclical movement of materials through the system. Supporting recycling means feeding this loop by not only recycling, but also buying recycled products. We can now find high recycled content in everything from printer paper to office chairs.

Desk Side Recycling Bin - Making recycling convenient increases participation. Ensure your building is outfitted! Bins can be purchased through Emory Express – Staples.

Office Purge – Do some spring cleaning and let Emory Recycles help you clean out old filing cabinets. Carts can be ordered at csesc@emory.edu to help move some unused paper from your buildings and build your recycling numbers. Just let us know how many you need.
